THE RETURNS.

So far as heard from, Nevada has exceeded Republican expectations. We have carried the State for Grant and Colfax, and the State ticket by not less than 1000 majority—probably by as much as 1200. The Union Legislative tickets are surely successful in Storey, Lyon, Washoe, Ormsby, Douglas and Esmeralda. We have probably carried Lander, Nye and Lincoln, Churchill is doubtful, and Humboldt is certainly against us. There is no doubt of a Union majority in Senate and Assembly.

Grant has no doubt carried every county in the State excepting Humboldt and Churchill. In the latter county Seymour is, as we learn by private information, 6 votes ahead, at Fort Churchill precinct. The balance of the ticket doubtful.

California has probably gone for Grant by a small majority; but the vote is so close as to make it seem necessary that we should have the official returns before definite and conclusive facts can be arrived at. The local ticket in San Francisco is pretty much a stand-off—Crowley, the Republican candidate for Chief of Police being elected, and the County Commissioners and School Trustees being about half and half.

Oregon is doubtful—with an even chance that it has gone Republican.

Thus it is apparent that Nevada, of all the Pacific States, is, as its birth and admission into the Union promised it always would be, safe and sure for loyalty.

The great States of the East elected enough Electors to ensure Grant's success. That is beyond any shadow of doubt. New York, with its 800,000 votes is still in doubt, with the probability that Hoffman, Democratic candidate for Governor, has been elected, and that he has done what the copperheads hoped he might do, dragged the great and oppressive load of Seymour and Blair through to a meager success in that State. This renewal of the Democratic license to steal the great revenues of that Commonwealth, and convert them to the corruption fund, is a deplorable result, and detracts from the general joy felt by loyal and law loving men, over the great National victory.

The result in the Southern States—those which have gone Democratic, is a fearful mockery. The "white man's government" is that which has elected Grant. The revolutionary Democracy have the cold comfort of having carried by decisive majorities, only those States (excepting Maryland, Kentucky and Delaware) the organizations of which they have declared to be erected into governments through acts which are "revolutionary, null and void." The frame work of Congressional reconstruction is all from which its enemies have received any sure, material aid. And what was done in the Democratic States of the South, by black men's votes, was only accomplished by the most tyrannical coercion, pushed and completed by such doings of the Ku Klux Klan as shame the high-handed outrages performed by Jefferson Davis' conscription agents.

Loyalty has done its work well and thoroughly. Not one success has been achieved by the Copperheads except through fraud and violence—fraud in the great cities and violence among the members of the Confederacy.

Grant and Colfax and a loyal Congress have been elected; and our great Chief will be permitted by that everwatching Providence which has made and preserved us a Nation, to exercise such a benign control over the destinies of this Republic as shall vouchsafe his wish:—"Let us have peace;" and by the exercise of that power the pernicious influences which gave birth to "My Policy" and infused new life into the Copperhead Democracy will be forever suppressed and put underfoot in American politics—and "Nash's" good service are dispensed with and his occupation is gone.

AMOS A. LAWRENCE AND DR. WILLIAM H. LAWRENCE have presented a church, worth \$30,000 to the Episcopal Society at Longwood, near Boston.

BY TELEGRAPH.

[From the Gold Hill News Extra of yesterday.]

NEW YORK, November 4.—Seymour seems to have carried New York by about 8,000, but runs a long way behind his ticket, Hoffman's majority being estimated at 20,000. The Republicans retain the Legislature.

In New Jersey, John J. Blair, Republican candidate for Governor, is certainly defeated, and the State probably goes for Seymour by about 1,000. The Republicans lose the Legislature, and consequently a Senator in place of Frelinghuysen. The Congressional delegation elected is two Republicans and three Democrats.

NEWARK, N. J., November 4.—The returns from New Jersey are close and incomplete. Seymour carries the State by about 1,000. Randolph (Dem.) is elected Governor by 2,500. The Democrats have three majority in the Senate and four in the House, securing the election of a Democratic Senator in place of Frelinghuysen. The following Congressmen are elected: First District Moore, Rep., 3,000 majority. Second District—Haught, Dem., 8,000 majority. Third District—Byrd, Dem., 3,500 majority. Hale, Republican, is probably elected in the Fourth District. Cleveland, Dem., is elected in the Fifth District by over 1,000 majority.

ALBANY, November 4.—The Evening Journal concedes the State to Seymour by 8,000 majority; to Hoffman by 20,000. The Argus claims 10,000 for Seymour and 25,000 for Hoffman, but concedes the Assembly to the Republicans by a small majority.

INDIANA.

CHICAGO, November 4.—Latest returns show that Grant's majority in Indiana is not less than 10,000, and will perhaps reach 12,000.

IOWA.

In Iowa the estimated Republican majority is 50,000. The negro suffrage amendment was carried by 25,000.

Missouri returns are incomplete. Grant probably carries the State by about 12,000.

WISCONSIN.

Wisconsin gives 18,000 for Grant, and the Congressional delegation is unchanged.

ILLINOIS.

Illinois gives 49,000 to 50,000 majority, and the Republican Congressmen are the same as before, except that probably Raum (Republican) is defeated in the Thirteenth District.

FLORIDA.

The Florida Legislature chose Electors; the vote stood 40 Republican to 9 Democratic.

SOUTH CAROLINA.

South Carolina is undoubtedly Republican.

TENNESSEE.

In Tennessee, Leitch (Dem.) is probably elected to Congress in Memphis District; the others are all Republican. Grant carries the State by a handsome majority.

NORTH CAROLINA.

RALEIGH, November 4.—Most precinct returns are received, but not enough to determine the result in the State. Schoer, Dem., is elected to Congress.

NEW YORK.

NEW YORK, November 4.—The Post charges enormous frauds upon the Tammany leaders. It estimates that 25,000 fraudulent votes were polled. Hoffman's election will be contested.

NEW YORK, November 4.—Senator Morgan and Representative Schenck publish a card stating their opinion that the public exigency requires the attendance of a quorum of members of Congress on the 10th inst.

CONNECTICUT.

HARTFORD, November 4.—The full vote of Connecticut gives Grant 49,726, Seymour 46,531.

ARKANSAS.

MEMPHIS, November 4.—A letter has been received from Arkansas saying that in the election as far as heard from there was no disturbance.

NORTH CAROLINA.

WILMINGTON, November 4.—The Democrats claim the State for Seymour. The Star estimates the Republican majority at 8,000. The election of Schoer in the Sixth District is regarded as certain. His competitor was N. Borden. The Democrats are also confident that Durham is elected in the Seventh District.

GEORGIA.

SAVANNAH, November 4.—Our city is perfectly quiet. Two policemen were shot yesterday by negroes. One is dead and the other dying. The negroes on the Ogeechee Road are reported to be arming and gathering in large numbers, with the design of entering the city under Bradley. An armed patrol are on duty to-night.

The Democratic majority in this city is over 4,000.

CALIFORNIA.

SACRAMENTO, November 5.—Returns of election in this State justify confidence in success of the Grant and Colfax ticket by a small majority, possibly 1,000. There are Republican gains as far as heard from in all but three counties and only slight Democratic gains in those three. Haigh's majority is already used up, and twenty one counties are to be heard from. A. A. Sargent is

elected to Congress from the Second District by probably 3,000 to 3,800 majority. In Third District Hartson, (Rep.) is probably elected by a small majority. Axtell, (Dem.) is undoubtedly elected to Congress in First District by probably 3,000 majority and over. At 9 o'clock P. M. quite a severe shock of an earthquake in Oakland and San Francisco.

SAN FRANCISCO, November 5.—11 A. M. There were two very severe shocks of earthquake at five minutes past 9 last evening. Thousands of persons ran into the streets with faces blanched with fear and limbs trembling with terror. No damage, however resulted.

The Republican State Central Committee are making preparations for celebrating the election of Grant and Colfax in a becoming manner.

Quite an excitement was caused on Merchant street yesterday afternoon by some of the present police force attacking some of the old force. Several arrests were made.

The Examiner, in its leader last evening admits the election of Grant.

In San Francisco the total vote is 23,655; Seymour's majority, 1,315. The Democrats elect all their city and county officers, except Chief of Police Crowley, he being re-elected by a majority of 883. The Board of Supervisors 6 Democrats and 6 Republicans. The Board of Education 4 Republicans and 7 Democrats.

Returns from the interior indicate that Grant has carried the State by 800 to 1,200 Oregon.

Oregon is yet in doubt, and dependent for the Republicans on anticipated gains in eastern counties, in proportion to those west of the Cascade Mountains.

The Democrats have given up the State. They now all attribute the small majority they received in San Francisco to the fact that Canavan was the nominee for Chief of Police. They say that he kept Democrats away from the polls. Nearly \$500,000 will change hands on the result. One man bet \$10,000, mortgaging his homestead to raise the money, and lost.

The Election in Nevada.

HUMBOLDT COUNTY.

UNIONVILLE, November 4.—12:37 P. M.—The votes polled in this precinct yesterday were 120 for Presidential Electors—24 Democratic majority. For Congress—Anderson (Dem.) 35 majority; for Supreme Court, Taylor, 18; Clayton, 33 majority; for State Printer, Perkins (Dem.) 51 majority; for Surveyor General, Reed (Dem.) 53 majority; for State Senator, Bonfield (Dem.) 41 majority; Assemblymen, 43 to 51 Democratic majorities. Majorities 20 to 50 on the remainder of the ticket. Humboldt City, Mill City and Star City gave from 2 to 4 Republican majorities. Ormsby gave 1 Democratic majority.

LYON COUNTY.

Returns from this county show that the State and county Republican ticket is elected by about 145 majority. Dayton Precinct gave Grant 295, and Seymour 257 votes—Republican majority 88. Silver City gave Grant 63 majority.

CHURCHILL COUNTY.

Returns from Fort Churchill precinct give Seymour 6 majority.

DOUGLAS COUNTY.

GENOA, November 4.—Genoa precinct gives Grant 81 majority; Mottville, 9; Jack's Valley, 5; Cave Rock, 27. The vote cast are all straight Republican. Lake Valley, 10 majority for Grant; East Park, 3; Mammoth precinct not yet heard from. Grant will probably carry the county by 150 majority.

INDIAN AGAINST INDIAN.—Lieutenant Cashek, of the United States Cavalry, who recently had a good hearty fight with a party of about 200 Apache Indians, in Northern Texas, is himself an Indian of the Tawakara tribe, and was born and brought up on the Reservation in Niagara county, near Lexington. He started from Fort Davis with sixty men and a small party of Mexicans who volunteered to recapture stolen stock by the redskins from a train near Fort Stockton. He overtook the thieves after a pursuit of some eighty miles; thrashed them soundly, killed between twenty and thirty of them, and wounded as many more; recovered all the stolen horses and mules; destroyed the Apaches' winter stores of meat, etc.; recaptured two Mexican boys who had been carried off some four or five years previous, and all with the loss of only two soldiers severely, though not dangerously wounded. Lieutenant Cashek served in the Union army as a volunteer during the rebellion, and has shown himself to be a brave and efficient officer.—Buffalo Commercial Advertiser.

EXPEDITIONS TO THE NORTH POLE.—Two more expeditions, it is said, are preparing to go on a search after the North Pole. Here is a fine opportunity for Seymour and Blair. Their eyes have been too fondly turned Southward. They need a trip in the other direction to convince them that there is a North; and that the needle of American liberty and human rights points steadfastly thither. This expedition will be an improvement on the ordinary tour up Salt River, and we recommend it to all who are dissatisfied with Grant's election.—Sacramento Union.

KILLED.—The Truckee Tribune of the 31st ult. says: Last week a man named H. W. Downing was engaged in loading a truck at Jones' mill, and a log chain which was being used slipped or broke, and the end flew and struck him in the head and broke his skull. He came to town and had his head dressed by Dr. Weed, who removed over thirty pieces of bone from his brain. The man survived the accident but five days.

A "FIRST RATE" OBITUARY NOTICE OF HOWELL COBB.—A Washington correspondent of the Cincinnati Commercial having mentioned to a neighbor the death of Howell Cobb, "Great God! you don't tell me so, sir," he replied, "Well sir, I was a old line Whig—born to it, you may say—but old Howell Cobb lived in my house hours (years) He named his son after me. Great God! is he dead? Well, sir, you may talk about rebel, neighbor—for we all have our faults—but he was a consistent member of the Baptist Church. Great God! is he dead? Why he wasn't no Secessionist. He was led into it against his will, like every one of 'em. He must o'weighed nigh on to three hundred. He was monstrous fat, and the clearest gentleman I ever set eyes on. Great God! Yes, sir, he was rich, or his wife was. She had a hundred and fifty niggers. And he's dead. He lived at Athens. I went there once from Washington on an errand for him. I told you he named his boy after me, didn't I? Great crackkeys! Well, sir, while he was Secretary of the Treasury he lived on Fifteenth street, just above Riggs bank. He kept open house. He was a mighty fat man. And he's dead?"

DESTROYED.—The transparencies used last night were left at the speaker's stand, and during the night were trampled upon and many of them destroyed, either by men or animals. We can hardly believe that any man, unless full of Dr. Com's whisky, would stoop to such very small business.

Since writing the above, we learn that the transparencies were piled up by the stand, and containing candles, the hogs made a raid upon them. It is the first instance of hogs going after Democratic "light."—Chicago Courier, Oct. 31st.

COMMISSIONERS TO EXAMINE RAILROAD AND TELEGRAPH LINES.—The President has appointed Sherman Day and Lloyd Ties, of California, and Lieutenant Colonel R. G. Williamson, to be Commissioners to examine the condition of the entire railroad and telegraph line of the Central Pacific and the Western Pacific Railroads, and to report to the Secretary of the Interior, in accordance with specifications and instructions.

THE GREAT VINE OF SANTA BARBARA is now thirty-eight years old, and is probably, where it protrudes from the surface of the earth, thirty-six inches in circumference. It rises to a height of about three feet; then the branches extend upon a frame, well supported by poles, for otherwise the superincumbent weight of grapes on the branches themselves would fall to the ground. The branches cover an area sixty feet square.

AN EARTHQUAKE, of a single shock, occurred in Oakland on Sunday. These phenomena are similar to the earthquakes which occurred in San Diego county in 1862, when a succession of shocks daily followed each other for twenty-eight days.

EARTHQUAKE AT SANTA CRUZ.—The Santa Cruz (Daily Times of October 31, 1868) On Sunday night last, a little after three o'clock, Santa Cruz was visited by another earthquake. It was of short duration, being one minute and a half.

THUNDER & LIGHTNING will soon bring out the journal of Nathaniel Hawthorne, edited by his wife. The Hawthorne family are going to Europe, and the edition in Concord is for sale.
